

## A NEW DAY IN THE BATTLE AGAINST *ROE V. WADE*

Do you want to see the end of *Roe v. Wade*? Do you want to see an end to killing children and wounding women and men who participate in abortion? You can help by becoming a Declaration Ambassador for Operation Outcry ([www.operationoutcry.org](http://www.operationoutcry.org)). Operation Outcry is a project of The Justice Foundation to reverse *Roe v. Wade* which has proven its effectiveness already at the United States Supreme Court.

**The Supreme Court is listening!** Thirty-five years after the Supreme Court legalized abortion-on-demand, the tide has turned. It's the beginning of the end of *Roe v. Wade*.

Upholding the federal ban on the horrific and gruesome "partial-birth abortion" procedure, the Supreme Court cited The Justice Foundation's Amicus Brief (also known as a friend of the court brief) in its ruling. The brief was filed on behalf of Sandra Cano, who was "Mary Doe" of *Doe v. Bolton* (the companion case to *Roe v. Wade*), and 180 women hurt by abortion.

Citing sworn testimony of women who had abortions presented by The Justice Foundation and acknowledging that ***abortion hurts women***, the Court concluded that "some women come to regret" their abortions. "Whether to have an abortion requires a difficult and painful moral decision" and is "fraught with emotional consequence," the Court said. The Court also noted that "severe depression and loss of esteem can follow" an abortion.

## HOW CAN YOU BE INVOLVED?

As an Operation Outcry Declaration Ambassador, you can help us mobilize one million voices to express the harm that abortion causes men, women and children. Operation outcry has already collected approximately two thousand of these sworn testimonies. You can give a Declaration form to women and men who have had abortions so that they can tell the United States Supreme Court how abortion hurt them. [Click here for the forms.](#)

You can forward this email to someone you know who has had an abortion and encourage them to complete the form. The easy to follow instructions are on the Declaration form. It is a simple form, and their name can be protected, by using first name or initials only. Personal contact information will always be kept confidential. The Justice Foundation is a well respected and established legal organization which has the legal duty and obligation to protect the confidentiality of those who desire it, to the full extent under the law.

The Supreme Court has said that abortion can cause "**severe depression and loss of self-esteem**" but the Court said **there is no reliable data on the size of the problem.** That's why we need to collect one million declarations!

There is Christ centered help and healing for those hurt by abortion through a 24 hour – seven-day-a-week National Helpline for Abortion Recovery. The toll free Helpline number 1-866-482-LIFE is also on the bottom of the Declaration form.

We need to mobilize a million voices of those who have been hurt by abortion to show the Court the size of the problem. These Declarations will be taken to the United States Supreme Court when it considers the abortion issue again and the Declarations will also be shared as appropriate with state legislatures and governments throughout the world that are considering banning or restricting abortion.

[Click here for the forms.](#)

If the truth about abortion is not collected for the Court, the lie that abortion is good for women will win. How do we overcome Satan? We overcome by the “Blood of the lamb and the word of their testimony...” Rev 12:11 Fill out the Declaration yourself or forward this email to a friend. [Click here](#)
